It Doesn't Pay to Be an Inventor in Russia.

An employee of the postal telegraph office of St. Petersburg has invented a watch which requires winding up only once in forty-five days. He submitted his watch to the Mechanic Technical association, who would it and placed it in a vault for trial.

It was found precisely as the inventor expected it to be. Now the man wants a patent on his invention, but the difficulty presents itself that he does not belong to any mechanical guild. Whether as a layman he is entitled to a patent on a mechanical invention the minister of the interior will have to decide.—Cincinnati Commercial Gazette.

Box Elder County All Right.

To the Editor of THE HERALD:

It has been currently reported, especially by the Ogden Republican sheet, that Brigham City was leaning toward Republicanism. This is a mistake. It is true the Republicans had a few more names on the rolls at the time their club was organized, but many of them were not residents of this city, and those who are residents here, will fear or fire exceptions, are young boys who do not know what they believe and have no influence among the people.

On the other hand, nearly all the county officials and other leading men of the county have signed the Democratic rolls. The people of this city generally are Democrats, and we want our Republican friends to remember that.

Last week A. H. Snow, T. Evans and G. R. Chase went to Homeville and succeeded in getting almost every vote in the house on the Democratic roll. I doubt very much if the Republicans can get a chairman for their meeting. Last night Judge Peters and Prosecuting Attorney Jensen were in our city, organized a Democratic club and succeeded in gaining over to the Jeffersonian doctrine eighteen of the city's best and most influential citizens.

Willard is an overwhelming Democratic, hardly a Republican there for the Democrats to get up an argument with.

No danger of Box Elder county, she's all right.

Hon. R. H. Jones, A. H. Snow and others start to-day for the northern portion of the county, where they will organize clubs and teach the people the true doctrine of Democracy.

If the Central Democratic club of Salt Lake county is advised in time when meetings for this purpose will be held all the proper aid will be furnished by this club and able speakers will be delegated to attend and speak at such meetings. The necessary blanks for perfecting organizations can be obtained free upon application to the Utah Democratic club.

## JUDGE ANDERSON'S OPINION

Odd Offenders Before the Police and Commissioners' Courts—A Variety Sprite.

Appeals.

Judge Anderson was on the bench in the Third district court yesterday morning, and to the surprise of a good many announced his decision in the important injunction case of the Salt Lake City Railroad company vs. the Rapid Transit company. It was an oral opinion. Of the attorneys interested in the case, only Mr. Williams was present.

Judge Anderson said—in this case of the Salt Lake City Railroad company against the Rapid Transit company, I may state that I had no time to look into it until yesterday, on account of supreme court business. I have not had time to file any written opinion, but I shall be compelled to hold in favor of the Salt Lake City Railroad company. It seems that the franchise for a double track on Second South street was granted to that company, who constructed their tracks and operated the road accordingly. The other company got a franchise there also, but instead of building their track on some other part of the street—having been enjoined from doing so—instead of seeking a condemnation of the track of the City Railroad company, they proceeded on their own motion to take up the plaintiff's rails, lay their own track, and so on in the operation of the cars on what they conceived to be their right of way. I do not think they had a right to do that. I do not think they had a right to go and tear up the other company's rails, even if they do put down rails necessary to answer their purpose. They should have waited until some other method had been adopted, or instituted condemnation proceedings, whereby to get the right they desired. So that the injunction will be allowed to the plaintiffs and denied as to the defendants.

Mr. Williams—That will be the injunction in form until the final hearing or further order of the court.

Judge Zane—Yes. There seems to be a necessity for the other party to have a track over Second South street at that point; but I do not think the court can give them the right to take another company's track except through condemnation proceedings or some other mode.

In the case of A. A. Brim vs. Charles L. Crane et al., judgment was rendered for the plaintiff as prayed, with \$25 attorney's fees.

In the case of Mary L. Christian vs. J. H. Whaloe et al., the demurrer to the complaint was submitted.

In the case of Mary Ann Holding vs. Elizabeth Pugmire et al., a decree was granted quieting title to a piece of property on Second West street.

In the case of Joseph H. Slater vs. the Union Pacific, the plaintiff's motion for a new trial was argued and submitted. The plaintiff, as will be remembered, was enjoined from taking up the defendant's rails in this city, and on the 22d of November, 1890, while engaged in his ordinary occupation he was struck by a box car attached to a freight train belonging to the defendant company, which at the time was being backed on to a spur track owned by the defendant in the Mason yard. He was badly injured, his limbs and spine being fractured, and he was unable to work for some time. The plaintiff's counsel moved for a new trial, and the judge granted it. The judge withdrew the case from the jury, and ordered the payment of costs falling upon the plaintiff.

The hearing on the motion to dissolve the attachment in the case of P. S. Honesty vs. C. L. Ford et al., was continued until next week.
